The proposed Commercial Node concept is a strategic 18.96 acre landmark. The site is famous for its location at the front of the MIGAA project, the Kenya's most exciting residential golf community.

The shopping center will have a seamless design allowing for strategic traffic flow of potential customers. Expected to host major anchor stores, hypermarket, multiplex, retail boulevard, restaurants, gaming and entertainment zones each offering diversity and variety. It is will a all in one hub where a family can have a full day experience from having a stand by petrol station, parking, kinds fun center, a super shopping expeirnce and a executive dinning monent.

With the concept of Modern architecture, Infrastructure and cutting edge technology combine effortlessly, We give the developer/investor an opportunity to buy & build a perfect business centre outside of Nairobi city.
